

## Develop mathematical subject knowledge and pedagogy.

### WHAT IS INVOLVED?

Two maths-specific subject knowledge projects are available to support primary Early Career Teachers (ECTs) – one is for ECTs who have not yet participated in this project and one is for those who participated in 2022/23. Both projects offer high-quality subject knowledge and pedagogy maths support for ECTs, recognising the requirements of the ECF. In both projects, teachers will design effective learning and teaching in maths, and review and analyse their practice.

### WHO CAN TAKE PART?

Phase 1 Communities are for those identified as Early Career Teachers – teachers in their first year of teaching. Phase 2 Communities are for those in the early part of their careers. They will have engaged with Phase 1 before engaging with this phase.
