

There are two types of
SKTM Early Years pathways:

**NUMBERS, PATTERNS &
STRUCTURES**

**PATTERN,
SHAPE, SPACE
& MEASURES**

WHAT IS INVOLVED?

This project is designed to support Early Years teachers in developing specialist knowledge for teaching mathematics, thus enabling them to understand, teach and support pupils in maths in the classroom.

WHO CAN TAKE PART?

These programmes are designed for individuals who would like to develop their specialist knowledge for teaching maths to three-to-five-year-olds. This may be particularly relevant for teachers who have moved phases or have not received maths-specific training.
